Re: *Il Chioistro Documentary*  
Bill Woolf

Dear Sir or Madame:

This is to advise you that Bill Woolf, and the above referenced documentary project has been accepted into the Fiscal Sponsorship Program of the Institute for Italian & Sardinian Studies. We are pleased to support Bill Woolf's documentary, *Il Chioistro Documentary*. On behalf of the Institute for Italian & Sardinian Studies, I would like to urge you to support *Il Chioistro Documentary*. The filmmaker has demonstrated high professional standards and the project promises to be a contribution to both the media arts and cultural history. We also found the budget to be feasible.

The Institute for Italian & Sardinian Studies has been in existence since 2005, and allowed documentary projects that meet its mission and values to use its 501(c)(3) status to solicit charitable contributions for its documentary project and to apply for grants to agencies which require such status. We have agreed to act in that capacity in this instance. The Institute for Italian & Sardinian Studies will administer any funds received in support of this project. Donations to the IFISS are tax deductible to the extent allowed by the law. We look forward to working with you and appreciate your time in considering Bill Woolf's documentary film, *Il Chioistro Documentary*.

Very truly yours,

Allen Vogt, Ph.D., M.S.W.  
Board of Directors  
Chair, Fiscal Sponsorship Committee
